# FINANCIAL SUPPORT THRU CBS

## CBS EDUCATIONAL FUND

To study or not to study should not be a question of money. That's why CBS with its reverse generational contract (UGV) has decided to facilitate the way for students to achieve their desired degree by partially covering or paying in full all tuition fees. Repayment commences only after graduation and not before career entry.

How it works: A percentage proportionate to future earnings (gross income) is determined prior to study commencement. The amount shall be repaid over a period of 10 years. Thanks to this type of repayment, CBS graduates provide incoming freshmen with the same opportunity to enjoy carefree studies at the Cologne Business School – just as they did. It's this resulting payment cycle that gives the reverse generational contract its name.

### WHO BENEFITS?

Funding is available for both Bachelor and Masters/MBA students who have successfully undergone and passed the selection process at CBS.

### WHAT DOES THE FUNDING LOOK LIKE?

You decide whether the tuition fees should be fully covered or only in part. Based on this, and depending on expected future income, a percentage will be established, which is to be repaid from gross income upon career entry. However, no repayment is due before a gross annual income starting between 25,000 euros to 30,000 euros is reached.

The payment period is ten years for full-time programs and seven years for part-time programs.

In addition to financial support and true to the motto, "your career. our mission.", the CBS UGV includes a personal mentoring program for supporting individuals when planning their careers.

## HOW DO I APPLY?

Once you have successfully undergone and passed the selection process at CBS, please send the following application documents to [info@cbs-bildungsfonds.de](mailto:info@cbs-bildungsfonds.de):

- certificate (school, university, internships, etc.)
- CV
- acceptance letter from CBS

Afterwards, a personal consultation will be scheduled in agreement with you so that any remaining questions can be cleared up. Then all that's left is to sign the financial aid agreement.

# FINANCIAL SUPPORT THRU CBS

## GERMANY SCHOLARSHIP

In the summer semester 2011 a law was enacted to create a national scholarship program, the goal of which being to strengthen and support gifted students with good grades. The scholarships in the amount of 300 euros per month shall be co-financed by corporations, foundations or private individuals, and by the federal government.

The Germany Scholarship presupposes excellence in college performance. Concurrently, it also takes into consideration factors like social circumstances such as immigration backgrounds, educationally deprived households, and single parents.

### WHO BENEFITS?

Those who should particularly apply will be persons exemplified by their social commitment, ability to take responsibility or whose special circumstances are clearly evident.

The Germany Scholarship aims to encourage young students in their decision for a challenging education. Their future depends on their having the opportunities as young individuals to be able to unfold without hindrance and involve themselves with full motivation. For this reason, a scholarship should encourage them to give their very best.

# STUDENT LOANS AND EDUCATIONAL FUNDS

Student loans for financing living expenses and tuition fees have been around since 2005. The loans are granted exclusively for vocational training and study purposes and are specially designed to meet the needs and circumstances of students. The difference in comparison to a normal loan is the monthly payment rather than a one-time, lump-sum payment. A recent test of student loans can be found on the website of the CHE (Centre for Higher Education Development), [www.che-studienkredit-test.de](http://www.che-studienkredit-test.de).

On the following pages you will find a selection of student loans and education funds:

- KfW-Student Loan
- KfW-Education Loan
- BAföG Bank Loan
- Daka-Loan
- DKB Student Education Fund
- CBS Education Fund
- CareerConcept Education Fund
- Deutsche Bildung Education Fund

The information concerning interest rates are listed below as a margin since these are subject to constant change. The current interest rate is available via accessing the website of the respective credit institutions.

## EDUCATION LOAN - DEUTSCHE BILDUNG AG

### DEUTSCHEBILDUNG:THE SOMEWHAT DIFFERENT STUDENT LOAN

The Deutsche Bildung AG (German Education Ltd.) combines tailored student financial aid with the aim of promoting students in their personal development. Students can apply for up to 30,000 euros for their studies. Accordingly, the Deutsche Bildung grants monthly distributions based on individual needs, which can be combined with a one-time extra payment.

The substantive funding program, WissenPlus (KnowledgePlus), which comprises a wide range of online and event offers, supports funding recipients in their personal development and gets them ready for entering their career. Unlike a student loan, repayment is dependant on income and not effective before career entry. Recipients repay a fixed percentage of their gross income over a specified period of time to the study fund.

## WHO CAN APPLY?

Dedicated students from the first semester on. This financial aid is independent of study program and location as well as other existing financing (e.g. scholarships or BAföG). The student aid includes both financial and content support thanks to a mentoring program, the participation in which, among other things, comprises seminars and workshops. Application for the loan is available throughout the year.

## LOAN VOLUME

Minimum 100 euros per month. The amount of 1,000 euros per month may only be exceeded due to extenuating circumstances (e.g. study abroad or MBA degree). Furthermore, singular amounts for tuition, computer equipment, semester abroad etc. may be applied for. Total amount: 30,000 EUR maximum.

## TERM

Students generally receive funding for 6 semesters at the most. Thereafter, an additional application must be submitted.

## REPAYMENT/AMORTIZATION PERIOD

Repayments shall be made after career entry and starting with a monthly gross income of 1,500 euros. Before entering into the contract, a fixed percentage of future gross income is determined, which is derived based on the amount disbursed, funding period and repayment period chosen; in which case, three alternatives are generally offered.

# FINANCING SEMESTERS ABROAD

## BAFÖG ABROAD

Bafög for studies / internship abroad is usually possible after one year of studying in Germany. According to the Bafög overseas allowances regulation, you shall receive a share of the expenses incurred abroad for tuition as a grant, which must not be repaid. Travel surcharges, higher costs of living and health insurance must be paid back later. Even if you are not eligible for „domestic Bafög“, applying for BAFöG abroad may indeed be worthwhile as income thresholds for eligibility for funding are much greater here. The application for BAFöG abroad should be submitted to the responsible grant authority no less than six months prior to leaving the country. For more information about the terms and responsible authorities, please visit: [www.auslandsbafoeg.de](http://www.auslandsbafoeg.de)

## DAAD

On its website the German Academic Exchange Service (Deutsche Akademische Austauschdienst - DAAD) offers a database with information on DAAD funding possibilities as well as from other funding organizations for financing studies, research, or teaching abroad. CBS students can solicit the International Office at CBS

for help applying for a scholarship with the DAAD to finance their semester abroad or internship abroad. For more information about the application process and more ways to finance your semester abroad, visit: [www.daad.de/en](http://www.daad.de/en).

## ERASMUS-STIPENDIUM

ERASMUS scholarships for students are awarded directly through CBS. Students who wish to attend one of the ERASMUS partner universities of CBS abroad, please contact the International Office at CBS. Subsidies from the ERASMUS program are also available for students who wish to complete a minimum three-month internship abroad within Europe.

For more information visit:

# FINANCING OPPORTUNITIES FOR FOREIGN STUDENTS

If you are interested in studying at CBS but are not a German citizen, there are also some special financing options for you. For the options listed here, we would encourage you to have your eligibility checked individually to make sure you qualify.

## BAFÖG

Students from an EU member state, Switzerland, Liechtenstein, Iceland and Norway have a right to an education advancement grant if you meet one of the following conditions:

- hold a permanent residence permit according to nach § 5 para. 5 freizügG/EU.
- are married to an EU citizen, who intends to remain in Germany as an employee, entrepreneur, job seeker or for vocational training. This is also valid if one of your parents is an EU citizen.
- were actively employed in Germany prior to commencement of studies and, as a result, intend to begin studying.

Should you not be a natural born EU member state citizen, you may apply for Bafög funding under the following conditions:

- are married to an EU citizen, who intends to remain in Germany as an employee, entrepreneur, job seeker or for vocational training. This is also valid if one of your parents is an EU citizen.

- You hold a residence permit or a permit for permanent residence in the EC as per the Residence Act.
- You have your residence in Germany, are a recognized refugee outside of Germany and are legally permitted to stay in Germany permanently.
- You belong to the group of homeless foreigners.

Are you in possession of a temporary residence permit? You may still be able to apply for educational funding under certain conditions. To do so, please contact the following addresses.

# FINANCING OPPORTUNITIES FOR FOREIGN STUDENTS

## CBS FOREIGN STUDENT SCHOLARSHIP

The Foreign Student Scholarship targets young people from abroad, who as pupils or during their first degree have demonstrated a tenacity for excellent performance but lack the means to afford the study fees at CBS.

The scholarships shall be awarded in three stages. The first covers 75% of the tuition fees, the second 50% and the third 25%.

### WHO BENEFITS?

The funding is available to students entering either a bachelor or masters course of study who are not German citizens and demonstrate outstanding school/university achievements. Moreover, receiving any other form of grants or scholarships shall render your eligibility for this funding null and void.

A complete application for a study program at CBS must be submitted.

Furthermore, the grants committee takes into consideration outstanding social activities of candidates. These include charitable activities, athletics, musical passion and social commitment, amongst others.

### HOW DO I APPLY?

If you wish to apply for a scholarship with CBS, please send us the following documents by e-mail to:

- Transcript of records and certificates of latest school or academic degree
- an essay on a topic specified by the grant committee
- where necessary, certificates/references of social services, letters of recommendation, etc.
- Personal letter and statement that indicates the applicant`s need for a scholarship
- proof of successful completion of selection process at the Cologne Business School

Please send your complete application documents to [scholarship@cbs.de](mailto:scholarship@cbs.de).

### HOW IS THE APPLICATION PROCEDURE EXECUTED?

After the application deadline, all applications will be formally reviewed. Should the grants commission consider you a worthy candidate for a scholarship, you will receive an invitation for a Skype interview.

# FURTHER INFORMATIONEN

## ADDITIONAL BENEFITS

Upon request, students remain covered by their parents' (statutory) health insurance until the age of 25 years at no additional premium as long as their earnings do not exceed the exemption limit of 395 euros. For registered mini-jobbers, the limit is 450 euros.

## STUDENT JOBS

With part-time work and small jobs several students help finance their studies and supplement their living expenses. Student jobs may also provide advantages when entering their career after graduating. However, one should bear in mind the impact of such earnings on other financial sources of income. If the monthly income is above 450 euros, student loans like Bafög will be reduced.

## WORKING AT CBS

CBS allows its students to perform in various working roles, be they in teaching as student assistants or in different departments of the administration. Correspondingly, Career Services at CBS constantly updates the job board, posting positions for students at CBS.

**ANNUITY:** Regularly flowing transactions, consistent in amount, e.g. for the repayment of a loan.

**BAFÖG:** Federal Education Assistance Act (Bundesausbildungsförderungsgesetz), which regulates, among other things, government financial support for the education of students. The name is also commonly used to describe financial aid for education resulting from the law. One half of the payment is made as a grant without repayment obligation; the other is a loan.

**EDUCATION FUNDS:** Special form of educational support whereby investors buy shares of a fund, which financially supports selected students. Upon completion of their studies, the students pay back the loan with an individually defined percentage of their income over a certain time period, thus creating returns for investors.

**LOAN GUARANTEE:** : Sureties, e.g. from family members, may be required as → **loan security** if the credit quality of the borrower is insufficient.

**DEBT FORGIVENESS:** A loan is forfeited if repayment is not possible over a fixed period of time.

**EFFECTIVE INTEREST:** The „annual percentage rate“ refers to the

annual costs for loans as well as those related to the nominal loan volume of credits. For loans whose price-determining factors may vary during the term, it will be reported as „initial annual percentage rate“. The effective interest rate is essentially determined by the → **nominal interest rate**, the interest rate charges, the repayment period and the fixed interest period.

**EURIBOR:** European Interbank Offered Rate, interest rate on time deposits in euros in the interbank market. At this interest rate, commercial banks can refinance in a short term. Therefore, this is often used as a base rate for loans with variable interest rates, thus for student loans as well.

**FIXED INTEREST:** In contrast to a variable interest rate, the fixed interest rate is specified for a certain period and thus excludes → **interest rate risk** as it is independent of the usual market fluctuations of the interest rate market.

**INFOSCORE:** An information system for checking the creditworthiness of customers, the response of which based on collected data requests as to the creditworthiness of consumers → **Schufa**.

# GLOSSARY

**GRACE PERIOD:** A limited period after completion of studies, which allows the graduates time to find an adequate job before the repayment of the loan begins.

**CREDIT SECURITY:** Agreement granting the creditor additional rights against the debtor to make a claim for the purpose of securing his loan. These can either be directed against the debtor, or the credit security can be that the creditor, for the purpose of satisfaction of his claim against the debtor, can make a claim against a third party (i.e. that another repays the debt, or the creditor may requisition certain assets whose value is reserved for the fulfillment of the claim to the creditor). **NOMINAL INTEREST:** The interest rate agreed or paid on a loan.

**CREDIT LIFE INSURANCE/RESIDUAL DEBT INSURANCE:** Protects the borrower or his survivors in the event of death, illness or unemployment. It also serves the lender as an additional ➔ [credit security](#). At the same time the borrower takes out a life insurance policy in connection with the loan, for example, against premature death, illness or unemployment. In case of death, the policy covers the outstanding amount of debt on the loan and for

illness or unemployment, the installments.

**SCHUFA:** Credit bureau mandated by the lending industry, which answers questions based on collected data as to the creditworthiness of consumers. ➔ [See also Infoscore.](#)

**SECURITIES:** ➔ [see also Credit Security.](#)

**UNSCHEDULED PAYMENTS:** Repayments that go above and beyond the installments stipulated in the loan agreement and thus may lead to a faster recovery.

**SCHOLARSHIP:** Financial support for students (scholarship holders) with no repayment obligation (e.g. as part of a grants program for the gifted).

**DEFERRAL OF PAYMENT:** Agreement between the creditor and the debtor to abdicate the realization of his outstanding receivable for a certain amount of time.

**AMORTIZATION SCHEDULE:** Chronological description of a loan repayment over the duration of the contract until full recovery of the loan debt.

**VARIABLE INTEREST RATE:** ➔ see also [Interest Rate Risk](#)

**INTEREST RATE:** The price for borrowed capital expressed as a percentage, i.e. the interest indicated as a percentage.

**FIXED INTEREST RATE:** ➔ see [Fixed Interest](#)

**INTEREST RATE RISK:** Depending on market developments, variable interest rates may fluctuate. This is known as interest rate risk. If a ➔ [fixed interest](#) rate is agreed upon, interest rate risk can be avoided. Should a margin of fluctuation for the interest rate be agreed upon, the risk is at least limited..
